SKI Sun Peaks

WHY BOOK YOUR SKI HOLIDAY WITH TRAVELPLAN?

- Australia's largest operator to North America.
- Our consultants average 13 years experience – and can help you plan your best ski holiday ever.
- Great prices and exclusive deals – and our special airfares will save you a bundle.
- 70% of our business comes from repeat clients and word of mouth – you can have absolute confidence in a Travelplan ski holiday.

Come share the magic of Sun Peak's charming, family friendly ski in/ski out village and three mountain peaks. The largest interior ski area and second only to world renowned Whistler in British Columbia, Sun Peaks is very popular with Australians, who love the 3678 acres of terrain, abundant sunshine, dry and plentiful snow, superb grooming, award winning trail design, excellent family facilities and the character filled village.

Travelplan clients also enjoy an incredible array of specials and discount offers – especially if you get in early – that make Sun Peaks very affordable.

Discover Canada's Hidden Gem

Conde Nast Travellers know this and have rated Sun Peaks as the #2 best ski resort in Canada and #10 in North America (2nd only to Whistler) When newcomers arrive at Sun Peaks for the first time, they are amazed at what they find. A common response is "Who knew Sun Peaks offered so much!"

A wonderful destination for family travel, visitors love the range of activities for the kids, such as ice skating under the stars, tubing, bungee jump trampoline and outdoor swimming at the Sports Center. Sun Tots and Sun Kids ski school programs are a fun way for children to improve their skills and make new friends. For adults, signature events such as the annual Winter Festival of Wine running the third week of January add an exciting element to any visit.

The picturesque ski-through village showcases high-quality ski-in/ski-out accommodations, a great variety of dining and shopping, and activities including dog

sledding, snowshoeing, cross-country skiing, sleigh rides and much more. Home to the third-largest ski area and some of the most expansive terrain found in Canada, Sun Peaks is where you'll find unbelievably light, dry, easy-to-ski powder. It's perfect for families as they can enjoy skiing together; from the top of every lift skiers can access beginner, intermediate and advanced runs and still ride the chair together.

Guests that visited Sun Peaks last winter were delighted to experience the new Blue Bird Market grocery store as well as the expanded cold beer and wine store, and new upscale cafes and restaurants.

AIR CANADA'S - EARLY BIRD AIRFARE SAVE UP TO \$1634* PER COUPLE.

Book & Pay by 31 August - Subject to availability and conditions apply

With Air Canada you can combine 2 resorts for the price of 1 with one stop permitted at no additional cost.
