

Zermatt

Zermatt is located at the base of the Matterhorn (pictured) amidst spectacular scenery and is car free. Horse drawn or electric taxis or your own two legs are the only form of transport. The village ambience is bustling, with the pedestrian mall filled with restaurants, bars and shops. Skiing takes place in 3 separate areas accessible from different points in the village, with the option of skiing over to Cervinia in Italy. The Klein Matterhorn at 3883m and Theodul Glacier provide reliable snow all season long down the second largest vertical drop in the world.
